ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Strategy Statement: The Housing Authority of the City of Brackettville, Texas (the Housing Authority) currently has \$ 852,000.00 in un-funded overall physical needs. This represents a slight decrease from previous assessments as a result of utilization of new technology for improved safety, superior procurement practices, constant review of needs assessments. The input of new government criteria as presented by REAC and function as well as the effects of moderate inflation and the tight construction market may cause the reduction to be overcome during next four years. The vast majority of these needs are a result of normal deterioration and obsolescence at the 28-year old project consisting of 48 dwelling units. _

Pursuant to current guidelines and policies, items affecting health and safety are given the highest priority. These include items related to specified initiatives such as accessibility to the physically challenged. Priorities with respect to physical needs are based on assessed actual conditions.

Policy & Program Initiatives - The Housing Authority has instituted revised policies to better reflect the spirit of the Quality Housing and Work Responsibility Act of 1998 (QHWRA) and the regulations governing its implementation. Examples of which are demonstrated in the Occupancy and Admission Policy, the Pet Policy, and the mandated Volunteer Work Policy in particular. The institution of flat rents will allow income mixing to be achieved and therefore a de-concentration of poverty.
